POMANDER & QUINTESSENCE INGREDIENTS & PRECAUTIONS

POMANDER (GER) DUFTESSENZ

ANWENDUNG Geben Sie drei Tropfen des gewählten Pomander in die linke Handfläche, und reiben Sie die Hände sanft aneinander. Strecken Sie die Arme aus, und teilen Sie die Energien der Farbe, der Kräuter und Kristalle mit der übrigen Welt. Energie folgt dem Gedanken. Stellen Sie sich vor, wie die Energie aus der linken Hand um die Erde herum, und zurück in die rechte Hand fließt. Stellen Sie sich vor, wie die Energie die Erde umrundet und allem, das über uns, um uns und in uns ist, reines Licht und Schutz zuführt. Nun beginnen Sie, die Energien, die Sie für sich selbst benötigen, einzubringen. Bewegen Sie dabei die Hände sanft über dem Kopf und dann hinter den Kopf, um das, was zurück liegt, zu reinigen. Bringen Sie die Hände über die Stirn und seitlich der Schläfen, um die Tempeltore für ein größeres Bewusstsein zu öffnen. Dann führen Sie die Handflächen über dem Kopf zusammen, bringen die Hände langsam über der Stirn durch das dritte Auge oder an ihm vorbei, und weiter vor dem Gesicht bis zum Hals hinab. Öffnen Sie die Hände über dem Hals mit den Handflächen zum Körper hin, und klären Sie den Kommunikationsbereich, bevor Sie sanft zum Herzen kommen, wo Sie einige Minuten innehalten, mit Ihren Gedanken bei sich selbst sind, bei jemandem, den Sie gern haben oder bei einer Situation, die Ihrer Aufmerksamkeit bedarf. Sobald Sie bereit sind, bewegen Sie Ihre Hände hinab, und bringen Sie die Energien durch den Solarplexus, durch das Hara (knapp über dem Nabel und ein klein wenig innen), durch das Fortpflanzungszentrum, die Basis und hinab zur Mutter Erde. Bitlen Sie darum, dass die Erde empfangen möge, was Sie anzubieten haben. Dann führen Sie die Energie zurück - vor dem Körper hinauf bis zum Gesicht. Bringen Sie die Hände in Schlüsselform zusammen - die Handflächen zeigen dabei nach innen - und nehmen Sie den Pomander tief in den Tempel Ihres Körpers auf.

WICHTIGER HINWEIS Nur zur äußeren Anwendung, von Kindern fernhalten, nicht in die Augen bringen, nicht auf verletzte, gereizte oder empfindliche Haut auftragen, nicht auf polierten/lackierten Oberflächen benutzen!

Mit ihren 49 Kräutern bieten die Pomander eine duftende Farunterstützung. Sie helfen, in allen Situationen dynamisch zu bleiben.

POMANDER (ENG)

HOW TO USE Place three drops of the chosen Pomander into the left palm and gently rub the hands together. Stretch your arms out, sharing the energies of colour, herbs and crystals with the rest of the world. Energy follows thought. Imagine these energies flowing from the left hand, around the Earth and back into the right hand. Imagine the energy encircling the earth, bringing pure light and protection to all that is above, around and within us. Now start bringing in the energies that you need for yourself. Move the hands gently above the head and then behind the head to cleanse that which is behind you. Bring the hands over the forehead and the side of the temples to open the temple doors to greater awareness, and then join the palms together above the head, slowly bringing the hands down over the brow through or past the third eye and further down in front of the face, down to the throat. Open the hands over the area of the throat with the palms towards the body clearing the area of communication before gently coming to the heart where you rest for a few moments, holding in your thoughts yourself, someone you care for or a situation that needs attention. When you are ready move the hands down and bring the energies through the solar plexus, through the hara (just above the navel and a little way inside) through the generative base centre and down to Mother Earth. Ask that the earth may receive what you have to offer. Then bringing the energy back up the front of the body to the face, cup the hands together, palms facing inwards and take three deep breaths of the Pomander into the temple of the body.

PLEASE NOTE For external use only. Keep out of the reach of children. Avoid contact with the eyes. Do not apply to broken irritated or sensitive skin. Do not use on polished/painted surfaces.

POMANDER (ITA)

COME USARLE Versa 3 gocce della Pomander scelta nel palmo della mano sinistra e strofina delicatamente le mani insieme. Stendi le braccia verso l'alto, condividendo le energie del colore, delle erbe e dei cristalli con il resto del mondo. L'Energia segue il pensiero.Immagina queste energie fluire dalla mano sinistra, circondare la Terra e rientrare nella mano destra. Immagina l'energia che circonda la Terra, portando Luce pura e protezione a tutto ciò che è al di sopra, attorno e all'interno di noi. Ora comincia a prendere le energie di cui tu stesso hai bisogno. Muovi le mani dolcemente al di sopra del capo e poi dietro la nuca, per pulire ciò che sta dietro di te. Porta le mani sopra la fronte e ai lati delle tempie, per aprire le porte del tuo tempio ad una consapevolezza più grande e poi unisci le palme al di sopra del capo, portandole lentamente giù attraverso la fronte, il terzo occhio e ancora più giù sul volto, fino alla gola. Apri le tue mani davanti alla gola, tenendo le palme verso il corpo, pulendo l'area della comunicazione fino a raggiungere il cuore dove riposerai per qualche momento, dedicando i pensieri a te stesso, a qualcuno che ti sta a cuore o a una situazione che richiama la tua attenzione.Quando ti senti pronto muovi le mani verso il basso, portando l'energia attraverso il plesso solare, lo Hara (appena al di sopra dell'ombelico e un po' all'interno), attraverso l'apparato riproduttivo e fino a Madre Terra. Chiedi alla Terra di ricevere ciò che hai da offrirle. Poi riporta l'energia su, davanti al corpo, fino al volto, poni le mani unite a coppa, con le palme rivolte all'interno e fai tre profonde inspirazioni della Pomander nel tempio del tuo corpo.

ATTENZIONE Solo per uso esterno. Tenere lontano dalla portata dei bambini. Evitare il contatto con gli occhi. Non applicare su pelli sensibili, ferite o irritate. Non usare su superfici lucide o laccate.

POMANDER (ESP)

CÓMO UTILIZAR Coloque tres gotas del Pomander elegido, en la palma izquierda y frote suavemente las manos. Estire los brazos hacia fuera, compartiendo las energías de color, hierbas y cristales con el resto del mundo. La energía sigue al pensamiento. Imagine que estas energías fluyendo desde su mano izquierda, alrededor de la Tierra y entrando de vuelta por su mano derecha. Imagine las energías rodeando la tierra, trayendo luz pura y protección a todo lo que está por encima, alrededor y dentro de nosotros.

Ahora empiece a absorber las energías que necesite para sí mismo. Mueva las manos suavemente por encima de la cabeza y luego por detrás de la cabeza para limpiar lo que está detrás de usted. Lleve las manos sobre la frente y hacia los lados sobre los temporales, para abrir las puertas temporales a una mayor conciencia, y luego una las palmas de las manos sobre la cabeza, bajándolas lentamente hacia abajo por la frente, pasando a través del tercer ojo y más abajo por delante de la cara, bajando a la garganta. Abra las manos sobre el área de la garganta con las palmas hacia el cuerpo, despejando el área de la comunicación antes de llegar suavemente al corazón, donde descansamos por un momento, sosteniéndonos a sí mismo en sus pensamientos, a alguien que le importe o a una situación que requiere atención. Cuando termine, mueva las manos hacia abajo, llevando las energías a través del plexo solar, a través del hará (justo por encima del ombligo y un poco hacia el interior), a través del centro base generador, y abajo a la Madre Tierra. Pida que la tierra pueda recibir lo que tiene para ofrecer. A continuación, lleve la energía de vuelta a la parte frontal del cuerpo sobre la cara, haciendo una copa con las manos, las palmas hacia adentro y tome tres respiraciones profundas del Pomander dentro del templo del cuerpo.

POMANDER (FR)

COMMENT L'UTILISER : Mettre trois gouttes du Pomander de votre choix dans la paume de la main gauche et frottez les deux mains. Levez les bras au ciel pour partager les énergies de la couleur, des plantes et des cristaux avec le reste du monde. L'énergie suit la pensée. Imaginez l'énergie irradier depuis la main gauche, faire le tour de la Terre et revenir dans la main droite. Imaginez que cette énergie entoure la Terre apportant une lumière pure et une protection à tout ce qui est au-dessus, autour et à l'intérieur de vous. Et maintenant commencez à faire pénétrer les énergies dont vous avez besoin. Levez les mains délicatement au-dessus de la tête puis derrière la nuque afin de purifier votre passé. Ramenez les mains au dessus du front et les tempes pour ouvrir les portes de votre temple et par conséquent vers une plus grande conscience de soi. Joindre les mains au-dessus de la tête, les faisant glisser doucement devant le front, le troisième œil et passer devant le visage, puis la gorge. Ensuite ouvrir les mains, les paumes vers l'intérieur, devant la gorge afin de purifier le champ de communication. Continuer lentement vers le centre, le cœur. S'arrêter et s'attarder à cet endroit pour penser à quelqu'un qui vous est cher ou une situation à régler. Quand vous vous sentez prêt, descendez les mains pour apporter les énergies jusqu'au plexus solaire en passant par le hara (juste au-dessous du nombril et à l'intérieur). Continuer jusqu'au centre du chakra sacré et plus bas vers la Terre-Mère. Demander à ce que la Terre reçoive ce que vous avez à lui offrir. Enfin, ramener l'énergie de la couleur jusqu'au visage, en mettant les mains en forme de coupe, paumes vers l'intérieur. Inspirez le pomander trois fois très profondément pour le faire entrer à l'intérieur de votre temple intérieur.

NOTA BENE Usage externe seulement. Ne pas laisser à la portée des enfants. Éviter le contact avec les yeux. Ne pas appliquer sur une peau sensible, irritée ou crevassée. Ne pas utiliser sur une surface polie ou peinte.

The beautiful floral essences of the Quintessesences allow you to work with the higher energies. Feel your spirit uplifted.

HOW TO USE Place three drops or three sprays of the Quintessence of your choice on the left wrist then cover with the right wrist and rub together. With raised, outstretched arms offer the energies of the Colour Ray out to the world. Cross the arms as you gently begin to wrap yourself in the chosen colour, by bringing the hands in, and crossing the wrists over the crown.Continue to open and close your arms as you come down so that the wrists cross over each of the energy centres the brow, the throat before coming to rest over the heart for a moment. Continue to move the arms down crossing the wrists over the solar plexus, over the hara (just above the navel and a little way inside), and over the base centre all the way down to Mother Earth. Finally bring the hands up the front of the body from the feet in backwards circles right up to the head to feed the energies into the aura. Inhale the Quintessence three times, deeply into your own temple.

QUINTESSENCE (ITA)

COME USARLE Versa 3 gocce o 3 spruzzi della Quintessenza scelta sul polso sinistro, poi copri con il destro e strofina delicatamente insieme. Con le braccia distese verso l'alto offri le energie del Raggio di Colore al mondo. Mentre ti avvolgi delicatamente nel colore scelto lascia che i tuoi polsi si incrocino al di sopra della corona.Continua poi ad aprire e chiudere le tue braccia e a farle scendere in modo che i polsi si incrocino all'altezza di ciascuno dei centri di energia: il terzo occhio, la gola, giungendo fino al cuore e riposando lì per un momento. Continua a muovere le braccia verso il basso, incrociando i polsi vicino al plesso solare, lo Hara (poco al di sopra dell'ombelico e un po' all'interno), e il chakra radice e poi inchinati verso Madre Terra. Poi riporta le mani verso l'alto, avvolgendole davanti al corpo in piccoli cerchi verso di te, fino alla testa per nutrire la tua aura con queste energie. Inala la Quintessenza per tre volte, profondamente nel tuo tempio.

ATTENZIONE Solo per uso esterno. Tenere lontano dalla portata dei bambini. Evitare il contatto con gli occhi. Non applicare su pelli sensibili, ferite o irritate. Non usare su superfici lucide o laccate.
